

# BEC DEEP DIVE WORKSHOPS

## The resource you need to conquer BEC in 2023.

CPA candidates that pass BEC this year and will not have to take one of the more in depth discipline sections coming in 2024 with [CPA Evolution](#).

While BEC is considered the easiest of the four sections in the current exam, It is still challenging due to the breadth of the material it covers. Becker has developed additional resources to ensure that you are ready for the challenge with the right support.

**Becker's BEC Deep Dive Workshops** is a new support product designed to complement your regular BEC exam prep, providing a deeper way to learn and master some of the toughest concepts of the Business Environment and Concepts (BEC) section and pass before CPA Evolution launches.

## What do you get?

Access to five (5) 60–90-minute live online classes covering the most critical must-know concepts to pass BEC.

- + Led by an expert BEC instructor
- + New perspectives on concept review with new examples and practice questions
- + Opportunity for question and answer
- + All sessions recorded for on demand viewing through December 15, 2023
